While all human beings are entitled to equality in dignity and rights, States may narrowly draw distinctions between citizens and non-citizens with respect to political rights explicitly guaranteed to citizens and freedom of movement. Nearly all categories of non-citizens face official and non-official discrimination.

The categories include freedom from torture and arbitrary detention, liberty of movement, equal protection before the law, minority rights, privacy rights and freedom of association, gender equality, and social and economic rights (for example, to health, education, housing, and social security). Additionally, non-citizens should have the right to consular protection; equality; of international human rights law guarantees for non-citizens human rights.

Declaration on the Human Rights of Individuals Who are not Hence, from this definition, it is implicit that a non-citizen is someone who is not a member.
